Hi Dr. Logsdon!

Thank you for completing the recommendation for the Concordia Language Villages as well - I applied to work at these immersion camps in Minnesota next summer where I will get to use solely French with K-12 learners.

I apologize for not formally reaching out to you about this - I believed that the recommendation would be a phone call rather than anything formal. I will make sure to let my other recommender know about this. Thank you for completing this though - I am very grateful for the recommendations you provided for my teacher preparation program at UofL, the Vista Higher Learning scholarship, and now Concordia!

You provide an excellent view of my pedagogical background!

Happy holidays,
