Dr. Logsdon:

I submitted my IDP final project yesterday (not even late at night for once! haha) and posted to my Google Site. However, it asked for pdf versions of the student work and IDP. I uploaded the IDP and one piece of student work, but the other is an Animoto presentation. Is there some other way you wanted me to post that, or is on the site acceptable?

I really appreciate you and your help this term. Your course has, by far, been the best as far as communication and clear instructions. It has really been helpful for someone like me who has been out of the game for a bit! Thank you so much, and I hope you enjoy your holiday season.
