Subject: 535: IDP Submission and TS-6 Permission

Dr. Logsdon,

I have completed my IDP, and I hope it is suitable to not need revisions. However, if some are needed, please let me know.

Please know that this has been an enriching class. The care and effort you put toward teaching, grading, and communicating does not go unnoticed.

Additionally, I saw your comment on my TS-6 assignment asking if my work could be used as an example in the future. Feel free to allow others access to my work. Examples are extremely helpful when I am making my way through assignments, and I would be happy to let my work be an example for someone.

Thank you for a great course!

Sincerely,

LILLIAN ESTERS
