Subject: RE: Registering for Master's Classes

Carly,

You should be able to register for the spring now. You'll likely get an advisor in the SPED faculty, but I do see I am still listed as your advisor for right now. I went ahead and lifted your advising hold for the spring, so you can probably register now. Have you talked to Dr. Noel or anyone else in the SPED faculty about what classes you should take this spring? Don't forget we have that one class (I believe it's EDU 503) for recent grads that is completely free.

Let me know how I can help!

Dr. Logsdon

Subject: Registering for Master's Classes

Good morning,

I have recently been accepted into a Master's Program through WKU in MSD Special Ed. My admission is conditional (until my degree and transcripts are official in a few week). Do you know when I can register for Master's Classes?

Thank you,

Carly Conrad
