Student work may be checked using plagiarism detection software. To represent the ideas or interpretations taken from another source as one’s own is plagiarism. Plagiarism is a serious offense. The academic work of students must be their own and for this class. Students must give the author(s) credit for **ANY** source material used. Credit must be either at the bottom of the material’s page or in a list of references. To lift content directly from a source, even if it is from a website or friend’s work, without giving credit and/or quoting is a flagrant act. To present a borrowed passage after having changed a few words, even if the source is cited, is also plagiarism. Plagiarism or other act of academic dishonesty can and will result in an “F” for the assignment and possible dismissal from the university. All plagiarism must be reported to Student Affairs.
