Thanks, Dr. Logsdon! My mom is a teacher and I've always known it was in my blood.

I am wanting to teach 4th - 6th grades, so technically Elementary Ed. You'll also be happy to know that I am wanting to do Reading/English.

Jackson,

I am so glad to hear you are considering coming back for our MAT! Teaching can open so many career opportunities, and it's a great program. I can absolutely help with getting you connected to someone. Our primary advisor left just a few weeks ago, so I'll need to connect you to one of our faculty members. What type of teaching (grade level, subject, etc) are you interested in? Once I know a bit more, I can determine exactly who can best help you out.

Dr. Logsdon

Subject: MAT Program

Hello Dr. Logsdon,

I hope you are doing well!

My name is Jackson Hite. I was one of your Reading Evidence & Argument students my freshman year. I am now a senior on the Hill. I am technically in my last semester at Western, and will fully graduate in Spring 2023, as I am studying abroad for the full spring semester.

I have been considering returning to WKU and obtaining my master's degree in education. My undergraduate major has been in Advertising and Public Relations, with a minor in Arts Administration, and a graduate certificate in Nonprofit Administration. I have been substitute teaching this semester and realized that it may be something that I would like to return to in the future.

I have a few questions about the specific program that I would need to enroll in, courses, requirements, and other general questions. Therefore, I was wondering if you knew of a faculty member that I could meet with or an academic advisor for graduate programs that could point me in the right direction.

I hope to hear from you soon!

All the best,

Jackson Hite
