Dr. Logsdon,

Thank you so much for making the video. They really have helped so much during this semester and last semester. I hope you and your family are feeling better! I had 2 questions about submissions. For this week we are submitting our Site confirmation sheet, are we also supposed to submit a time sheet each week, or does this come at the end of the semester? Also how do we submit the PPD. Do we attach the document to the Blackboard assignment?

Thank you,  
Samantha

Samantha,

There are basically four due per week. I am going to make a video tonight that I hope will help clarify things, but if it doesn't, let me know and we can talk more.

All of the assignments you did in LITE 508, 518, and that you are currently doing in LITE 535 and LITE 501 can count as artifacts for your PPD. It is our intention that the majority of these assignments will count. This even includes the discussion prompts that we did in LITE 508. While we did them in the form of a Blackboard quiz, you could copy and paste the questions and your responses into a Google Doc, embed that on the LITE 508 page of your Google Site, and each one could potentially find a different place in the PPD to serve as an artifact.

Does this help clarify a bit?

Dr. Logsdon

Good Afternoon,

I hope you're having a great Tuesday. I am wanting to get started on the PPD, am confused about how to find/create artifacts, and then how many are due each week?

Thank you for your help!  
Samantha
