Her planning is 5<sup>th</sup> and 6<sup>th</sup> period! So, 4<sup>th</sup> period would probably be the best. It is from 10:21-11:14.

Remind me of when your mentor teacher has planning. It would be best if we could have the evaluation in the period before and then move into our final dispositions meeting during planning. If we can't make that work, it's fine; I can always come back another day for the dispositions.

Emma,

I know we have observation #3 scheduled for this week, but it just occurred to me that we should probably go ahead and schedule observation #4 for next week. When does your placement end?
