You don't often get email from dgodwin@clark.edu. [Learn why this is important](#)

Good afternoon,

Thank you for your presentation at the FYE Conference this past week. What a great conference with so many invaluable sessions. Would you kindly send me your presentation materials? There were several PowerPoints and resources that I wasn't able to capture, and I don't know how else to get the materials other than to email the presenters and ask.

Thank you for your consideration and time.

Sincerely,  
Deena
