Thank you Dr. Logsdon.

I would not have been successful this semester without your flexibility.

Amanda,

You don't need to submit a screen recording. This week, I'm going to send out a Doodle poll to determine when later this month we'll present, so you haven't missed anything yet. It sounds like you are in good shape at this point! The only thing I need you to upload to Blackboard right now is your signed IRB Capstone Exemption form, which you can find in module #4.

Thanks for checking in!

Dr. Logsdon

Subject: checking in with EDU 560

Good morning,

Thank you for all of your patience. I think I am nearly finished, and I wanted to check in with you in regard to the official assignments you needed for EDU 560

I have completed a presentation advertisement, Google Slides presentation, survey and results, and a template of Module 4 from EDU 580. I did not get a recording of the presentation, however, I had planned to do a screen recording and would be happy to submit that as well as a link. I also know that for EDU 560 we will be doing Zoom presentations for our classmates and that I will need to sign up to attend and present there. Might I have missed something?

Best,
Amanda Kennedy
