Subject: Question

Hi Jeremy,

Hope your day is going well! Wanted to reach out and see if you had any time after the book club or some other time in the near future that I could run an idea by you. Our executive director Christina Noel has obtained a grant for one of our KAP summer interns to work within the CEBS college. This individual would be able to work on Tuesdays and Thursdays during our program to help with whatever is needed at no cost to the individual. I didn't know if you would have thoughts about if this would be of value to anything you were working on this summer. You have been such a great partner to us, I wanted to run this idea by you.

Thanks
Sarah

Sarah,

We don't really have a dress code here, honestly. There will be VERY few students around, so anything that would be suitable for class will be quite suitable here! There are definitely days in the summer where I watch shorts and t-shirts.

Subject: Quick Question

Hi Jeremy,

Shea was in my office today and we were talking about the internship. She had a quick question regarding the dress code for work. She wanted to make sure she met your expectations.

Thanks
Sarah

Sarah and Christina,

I just wanted to let you know that Shea is a rockstar. I gave her very broad parameters for what I was hoping we could accomplish with the learning modules I'm having her create this summer, and she's already bringing in outside information from her psychology classes that is aligned with what we know is best practice. She is doing fantastic. Her questions are insightful and she's making some great work. I can't wait to share it with you when we're done!

I told her that she can work up to 20 hours a week, and since I'm not always here 20 hours between Tuesday and Thursday, she is welcome to also do some of this work at home. I hope that's okay. I think she's otherwise planning to be here 8 to 4:30 on Tuesdays and Thursdays.

Thanks,
Jeremy
