Subject: Student Teaching University Supervisor (SP 24)

Good afternoon Dr. Logsdon!

I'm Lauren Weaver! I wanted to reach out and let you know how excited I am to have you as my university supervisor during my student teaching this spring! Way back in Spring of 2021 you were my EDU 250 professor, and I loved that class so much!

A little about me, I am from Louisville, KY but grew up coming to Bowling Green, KY all the time because much of my family are WKU alumni. I am currently placed at Bowling Green Junior High School and am so excited to go back for my student teaching.

I honestly don't know too much about student teaching, and I am sure that I will get to learn some more during our meeting next Thursday! However I was wondering if you had any ideas on anything I should be preparing for student teaching. I would appreciate any words of advice!!

Thanks so much! And thanks in advance for being my supervisor!
Lauren Weaver
