Good Morning Colleagues!!!

As you already know, the WKU CEBS School of Teacher Education (i.e., YOU!) is widely recognized as THE leader in educator preparation in the Commonwealth. Thanks to your efforts and abilities, we are on the forefront of numerous exciting initiatives and innovations. One area in which we are well in front of the pack is that of K-12 Teacher Apprenticeships. Currently, WKU is the EPP partner (with Nelson County Schools) in the ONLY USDOL-approved K-12 Teacher Apprentice Program in Kentucky! The teacher apprentice strategy holds significant promise as a sustainable solution to the teacher shortage problem, particularly in rural districts. The topic of teacher apprenticeships has come up in STE Faculty Meetings from time to time and I know that many of you are already quite familiar with it. Clearly, it is your hard work and resourcefulness that enables the curricular flexibility necessary to deliver the curriculum in a way that accommodates the apprentices' daily work schedules.

I want to let you know that WKU/CEBS will be hosting a statewide Teacher Apprenticeship Summit on June 22, 2023 from 11:00 am until 3:00 pm. This summit is primarily directed toward helping school district personnel understand what is involved in establishing a registered teacher apprenticeship program and providing them a step-by-step process for partnering with us in developing this track in their districts. But, I thought you might enjoy the opportunity to learn more about the nuts and bolts of the teacher apprenticeship process and to engage with potential district apprenticeship partners, so I want to invite you to attend. Lunch will be provided so it will be helpful to have an accurate count. If you are interested in participating, please use the QR code in the attached flyer or go to the Summit registration page directly at this link:

I hope you will be able to join us! Please let me know if you have questions.

Dennis
