Subject: Thanks for Attending the WKU Professional Development Day
Attachments: 6.png

Hey Jeremy,

On behalf of the WKU Libraries and the WKU LITE Program, I want to extend our thanks to you for attending our Professional Development Day that focused on supporting librarians across K–12 schools and higher education.

Your participation and thoughtful engagement made the event truly meaningful. It was great to see every educational level of dedicated professionals coming together to share experiences and knowledges about helping our students become information literate.

We appreciate your time in helping us create an opportunity to learn from each and grow in our profession. We look forward to continued collaboration as we work to support and uplift the vital role of librarians in our communities.

Best wishes,

Tony and Andi Paganelli
