Dear Jeremy, Maria, and Daniel,

Thank you for your proposal submission to the ITLC Conference on Teaching for Active & Engaged Learning in the Age of AI in San Diego, California.

On behalf of the conference program selection committee, I offer you sincere congratulations!

It pleases me to inform you that following the blind peer-review process, your proposal, "Faculty and Student Voices: Exploring Generative AI in Higher Education" has been accepted as a **40-minute presentation**.

Next Steps

Verify the Presentation:

To assist us in program planning, please respond to this email by November 1 acknowledging your acceptance as a conference presenter. Once all presenters have confirmed their presentations, we will post the schedule to the conference website listing your specific presentation day/time.

Conference Registration:

As this conference is a self-supported event, presenters will need to register and pay the conference registration fee. To ensure the accuracy of the conference program, presenters must register by November 15.

Again, congratulations on being selected as a presenter. With sessions such as yours, I anticipate ITLC Lilly - San Diego to be an exceptional conference in 2026.

Respectfully,

Todd
