Hi Jeremy,

Thank you for reaching out to me about LITE 535. I am looking forward to teaching the course this summer. Do you recommend that I copy materials from your spring LITE 535 Bb course site, or should I wait for any updates to the summer course site?

I plan to begin reviewing the course content this weekend. I hope you do not mind if I reach out again with any questions.

Have a great weekend!

Sam,

First of all, thank you for agreeing to take on a brand new course this summer! LITE 535 is one of my favorite courses to teach, but I will also admit that it is one of our heaviest lifts. It has modified quite a bit since you last took it as a student, although the IDP may not be wildly different, honestly.

I have given you access to my course site from the spring. I had started building the course site for this summer when we switched instructors around, so you may have that on your dashboard now. I made one minor change to the Intro Quiz in module 1 (updated one TedTalk video, but to be quite honest, I wasn't even sure if that was what I wanted to keep).

My advice - take a look through it, let me know if you have any questions, and we can absolutely meet to talk about it!

Thanks,
Jeremy
