Jeremy,

Congratulations!

The next step will be to submit your materials for review at the university level. The requirements for the university level submission can be found here:

<https://www.wku.edu/policies/docs/index.php?policy=300#page=5>

In addition, the college review committee wanted to provide you with some feedback before you submit your materials for the university level award.

They felt your materials were well done, and you have great evidence to demonstrate your excellence in service. The committee recommends adding a student letter(s) would strengthen your materials especially students that could speak to the Praxis project. In addition, they felt that it might be helpful to summarize all your service initiatives you use as evidence in one location before you talk about each one.

Once your packet is finalized, **please send it to me by February 15**, and I will submit your materials to the provost office.

Let me know if you have any questions.

Congratulations again,

Jennifer
