That makes so much more sense!

Here I am trying to rack my brain for 16 entries!! Thank you for the quick response. I have thoroughly enjoyed having you as an instructor this semester. Looking forward to upcoming classes!

Erin,

It's 16 entries TOTAL for the practicum. In general, we tell people to do 8 a semester, as most people take 1 hour in spring, 1 hour in fall, and 1 hour in summer.

Now that said, if you have more than 8, that is certainly not a problem!

Hi!!

I am finishing up my blog for LITE 590. In the announcement you posted, you said we need eight entries, but on the video instructions I think I heard sixteen entries. Can you please clarify the number on blog entries? I am sorry for the question; just want to make sure I am on the correct page! Thank you!

Best,
