Oh wonderful! Thank you so much!

I think it would probably be best to do a general one. I am sending it to multiple places.

Thank you so much for your time.

I always appreciate your comments to wait to reply on the weekend! However, I am currently grading, so I'm happy to reply. :)

I can absolutely write you a letter of reference! I am honored to do so. Just let me know who to address it to (and if there are multiple, that is okay!) or if you'd just like a general one that you can use everywhere.

Dr. Logsdon

Subject: Advisee-Frances Holcomb-Reference question

Good evening, Dr. Logsdon. Please do not worry about responding until tomorrow. I do not want to take away from your weekend.

Recently, I have applied for a few media specialist positions. I wondered if it would be appropriate, since you are my advisor as well as my professor for some of my classes, for you to write a reference for me? I understand if it is not something that you are able to do.

There are 2 classes that I still need to take before graduating but I am signed up for them this summer. I am planning on graduating at the end of the summer.

Please let me know if you need any more information from me and again, I totally understand if it is not possible.

Thank you so much for your time.
