This is SO beautiful Dr. Logsdon. I cannot thank you enough for this. Not only this- but for everything you've taught me for the past 4 years. That it is okay to feel the presence of hardships while being a student, and you've taught me how important it is to build meaningful and life changing relationships, as I've been honored to build with you all and all of my professors. I hope you know how thankful I am for you!! The humor is PERFECT in this and so is the story!!

I appreciate you SO much. I'll have a card for each of you before graduation comes!!!

I am happy to make any edits in this. I leaned into a little bit of humor (I of course mentioned accidentally calling you Mariah Carey the first time I met you) and I addressed some of the hardships you have had to endure why you are here. I included both because I feel they are a testament to the type of educator you are going to be, but if this is too much, I am more than happy to remove them!

The letter would be so wonderful to have to bring in a binder for an interview!!! If you could do both, that would be so incredible and more than appreciated!!

Dr Super- I may have held back some tears reading that letter. It was more than I could've asked for and I am so, so thankful. I am honored by every single thing you said.

Thank you all for truly changing my life, and making me a better educator and person.

I just got a reference form from Oldham County Schools for you. Do you still need the letter, or is this it? I'm happy to do a letter if it's needed, of course!

Thank you SO much!! Oldham just posted 4 jobs that I'm applying for right now on planning!!! Would you be able to direct it to the district?

I'm happy to write a letter. Do you want me to frame a letter neutrally ("To the hiring committee, to whom it may concern, to the position to which she has applied, etc.") so you can use it any time you want? Or do you want me on standby to personalize a letter once you know the position and place?

Also, in the past, I've more commonly submitted letters via a portal provided by the school system than send letters to the student. I think they do this to ensure authenticity.

Again - happy to help. Just let me know what you need from me.

Subject: Letter of Recommendation

Hello to some of my favorite people!

I hope you all are doing well, and I sure have missed seeing you all this semester!! I wanted to reach out to see if it would be possible if you would be able to write a letter of recommendation for a teaching position! I've been waiting to see if Oldham County will post positions, but they don't post until mid April... so when they do post, I'll be applying all over! I saw one open for a position in Shelby County, and saw that it helps to add on letters of recommendation! I know you all are in a very busy season, but I wanted to reach out to see if you'd consider!

Thank you all so much for everything. 36 DAYS!!

Maria Carey
