Screenplay Script for Murder in the Library.docx;

Hey all,

I realize that this is late notice, but I wanted to make sure that if we do these videos that students could access them via a QR code. I believe I was successful. The introduction video QR code is below, please check it out to make sure.

I would like to start scheduling days and times that you all are available to record these scenes. I would like to start this week (between 6-8 pm) and conclude by October 24<sup>th</sup> to give me time to edit.

Here are the actors and their roles (If you don't want to do it, there is no commitment. I can easily provide either a word document for students to look at or create a short video with a voice over. Just let me know if you don't want to): Script is attached.

Sara - Jane Page, The Ghost Librarian that was murdered

Tina - The Reference Witch, the keeper of all things research

Ashley - The Circulation Ghoul, Guardian of borrowed books and bones

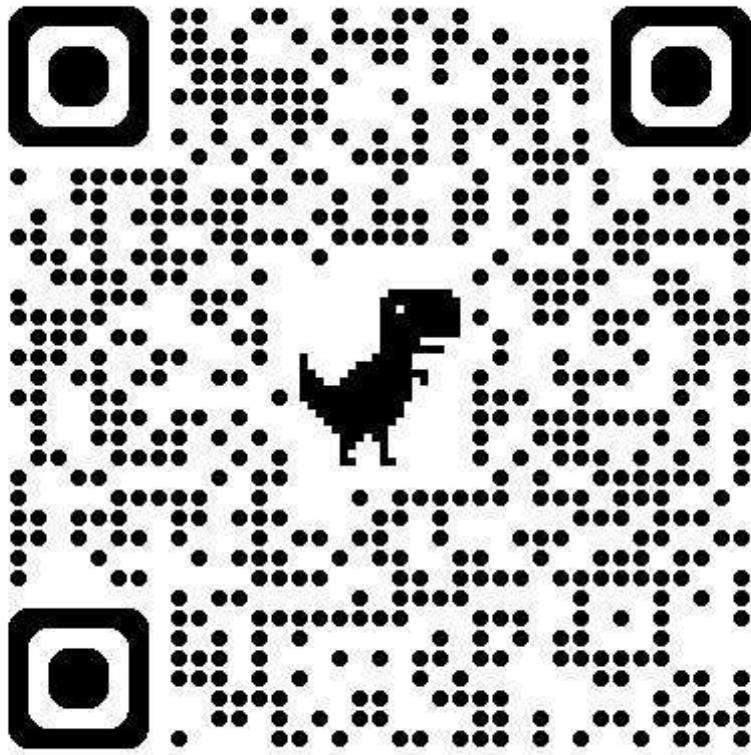

Jeremy - Phantom of Information, oversees all things in Helm

Heather - Sally the Sprite, Lives in the tower with the children's literature

Please let me know if you are still interested and the evenings that you are available.

Best,  
Tony

Hey all,

I wanted to thank you all for helping out on this weird project of mine and for our first-year students. I have finished my edits. They aren't the best edits, but time was short and I really don't know what the hell I am doing.

The order:

Intro  
Ghost Librarian  
Reference Witch  
Circulation Ghoul  
Phantom of Information  
Sally the Sprite  
Detective Bookman

Again, thanks for helping and enjoy.

Take care,  
Tony
